## 2019 - YEAR OF THE PIG

LeonessaBrevini celebrates Chinese New Year, together with all its collaborators and 3 other companies referring to the DANA Group, our partner and "neighbor" in the Economic Development Zone of Yancheng, a Chinese town located about 300km from Shanghai where the Leonessa Group has established in 2012.

The traditional year-end corporate event that this year opens the doors to the "Year of the Pig" was the opportunity for the company management to give special awards to employees who for particular merits were identified during the past 2018 and the employees who have matured 5 years of work at our company.
